Vrushabh Patel

COMPUTER ENGINEERING STUDENT | ASPIRING FULL-STACK DEVELOPER

Ahmedabad, Gujarat, India • paatelvrushabh70@gmail.com
LinkedIn Profile • GitHub: Vrushabh31-boogey

PROFILE

Computer Engineering student with an interest in frontend and full-stack web development. Enjoys building practical web and mobile applications while improving skills in responsive UI design, JavaScript, backend fundamentals, and databases. Motivated to keep learning, solve problems, and contribute to real-world software projects.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, React.js, Responsive Web Design
Backend	Node.js, Express.js, PHP (project experience)
Database	MongoDB, MySQL, Firebase / Cloud Firestore
Tools	Git, GitHub, Postman, Android Studio, XAMPP

SELECTED PROJECTS

SkillBridge — Student Placement & Internship Portal

PHP • MySQL • HTML • CSS • JavaScript

- A student-focused portal project concept for internship and placement opportunities, using database-backed information for students, companies, internships, and applications.

Travel & Destination Explorer

React.js • JavaScript • Node.js • MongoDB

- A travel web app project for exploring destinations, trip types, inspiration, and special offers, with a focus on a modern, responsive interface.

Customer Application — Android App

Kotlin • Android Studio • Firebase / Cloud Firestore

- An Android application with login/signup and a customer-details form, storing and retrieving submitted information through Cloud Firestore.

Number Guessing Game

HTML • CSS • JavaScript

- A browser-based mini-game using random number generation, user input, and JavaScript game logic.

EDUCATION

B.Tech — Computer Engineering	AIT • 2026–Present
Diploma — Computer Engineering	G.H. Patel College of Engineering and Technology (GCET) • Completed 2026 • CGPA: 8.20

PROFESSIONAL INTERESTS

Full-stack web development • Responsive UI design • Database-driven applications • Mobile app development • Continuous learning
